Romulus man dies

A 21-year-old Romulus man was fatally wounded early Friday morning when gunmen sprayed bullets into his relative's home in Inkster.

The victim, John Mundy, died of gunshot wounds to the abdomen, according to Inkster police.

There are no suspects in custody, Inkster Detective Gary Lorenzen said.

The killing may have been a case of mistaken identity.

"We feel that the gunmen apparently mistook the victim's house for someone else's," Lorenzen said. "We do not have any suspects, and our investigation continues."

Mundy was visiting an aunt, who lives in the 2700 block of Penn Street. The house is located in the southeast corner of the city. Police said that the victim was apparently watching television when gunmen opened fire at the house at about 2:30 a.m. The bullets penetrated the front of the house and struck Mundy, who was sitting on a living room couch.

According to police reports, there were at least four other people in the house at the time of the shooting. No one else was injured.

Mundy sustained at least seven bullet wounds and was rushed to Annapolis Hospital in Wayne. He died Friday, Dec. 6.

Police said that they have some leads are following them up.

"We have some tips, and are presently interviewing witnesses," Lorenzen said. The Inkster detective added that at least two men, and possibly four, were involved in the shooting. He added that witnesses said that the gunmen drove up to the house and then began indiscriminately shooting up the building, using automatic weapons.

Mundy is the 16th homicide victim in the city of Inkster this year. All 16 deaths occurred after July of 1991.

Witnesses provided police with a description of the alleged getaway vehicle.

Anyone with information about the shooting is urged to contact Detective Gary Lorenzen at 563-9856.

Woman robbed outside local automatic teller

Romulus police today are continuing their investigations into a pair of robberies, one outside an automatic teller site and the other at an Ecorse Road service station.

A woman told police she had just withdrawn money from an automatic teller machine on Middlebelt Road about 4:30 p.m. Dec. 4, when an armed man ordered her to "give me the money."

When the victim's husband approached the bandit, he was told "don't do anything stupid, I've got a gun."

The bandit and his accomplice then escaped with an undisclosed amount of money.

The suspects were described as a 6-foot tall black man, unshaven, wearing a black French coat and a 5-foot, 7-inch tall black man wearing a black shiny jacket.

The earlier robbery was reported Nov. 29 at a service station in the 29000 block of Ecorse Road.

An employee told police he had just come out of the restroom, when a man bearing a semi-automatic pistol demanded the office receipts.

After taking the money, the bandit ordered the employee into a back room and then fled in an older model station wagon.

Romulus student, 13, dies after choking at school

By AL POST
ANP Staff Writer

A sports-loving, 13-year-old Romulus Junior High School student died late Sunday night, six days after collapsing while choking on a hot dog in the school cafeteria.

The boy, Jacob Becker, son of Brenda K. Roksandich Becker of Romulus and Jack P. Becker of Watersmeet, died at University Hospital Children's Unit in Ann Arbor.

School Superintendent Dr. William M. Bedell, obviously touched by the "depressing...and tragic accident", revealed that the school district had sent flowers and other expressions of concern to the family.

Bedell said Jacob began choking in the cafeteria Dec. 3 and immediately was treated with the Heimlich Maneuver by a cafeteria aide and a school administrator.

The Romulus emergency team at fire headquarters was notified at 12:56 p.m. and was on the scene in less than four minutes. Emergency personnel found the victim on the floor "unconscious, not breath-

Jacob Becker

Meriweather made arrangements for a team of six crisis counselors to be on hand at the school Monday to help Jacob's friends through their grieving process.

Meriweather also said a meeting was planned after school Tuesday to decide upon

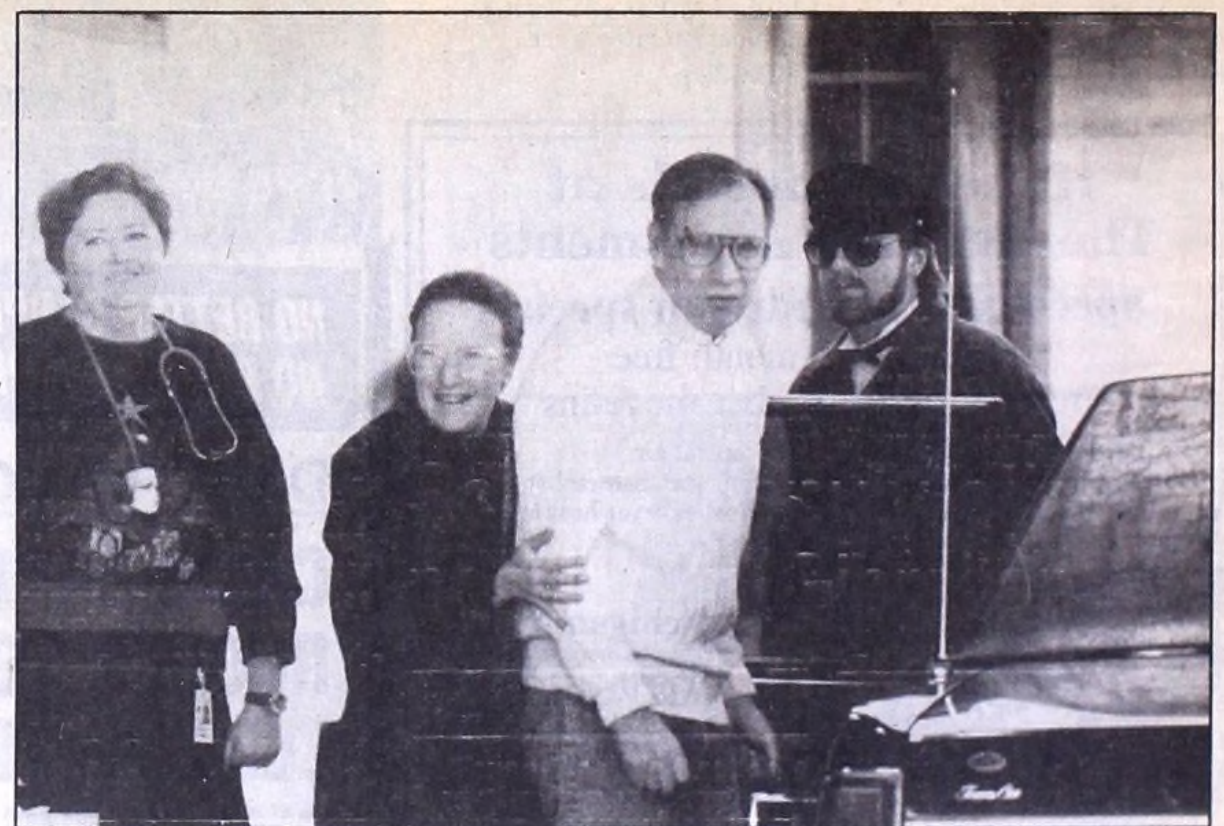

any student-related tribute to Jacob.

A former Cub Scout, Jacob also was a member of the Romulus Flyers Football League and the Romulus Junior Football Club.

He also is survived by a brother, Justin Paul; and maternal grandmother, Pauline Roksandich of Romulus and paternal grandmother, Jennie V. Becker of Westland.

The funeral will be at 10 a.m. today at Crane's Funeral Home, 36885 Goddard Road, with the Revs. J.D. Landis of the Community United Methodist Church and Donald (Mike) McClellan of the Romulus Wesleyan Church, officiating. Burial will be at Michigan Memorial Park of Flat Rock.

Memorials may be sent to the Romulus Junior Football Club.

Steen resting after ordeal

By MARGO DEWEY
ANP Feature Editor

After a long journey by plane, bus, car and limo last weekend, former hostage Alann Steen is finally resting at home in Clark Lake, Mich. with his wife Virginia.

Steen was hospitalized at Annapolis Hospital in Wayne Dec. 7 after suffering an epileptic seizure following his arrival at Wayne County Metropolitan Airport from Germany.

Dr. Surindar Jolly, neurologist on staff at Annapolis Hospital, informed the media Steen suffered from a "mild epileptic seizure." Jolly said Steen's condition was "very stable" and the illness was not life threatening.

Jolly explained the problem had been diagnosed in Wiesbaden, Germany, where Steen was hospitalized about

"In a few days he said he will decide whether or not to go to Washington D.C. for the tree lighting ceremony."

a week ago before his release. A seizure can be brought on by exhaustion, according to Jolly. He also speculated "the level of medication Steen was put on in Wiesbaden was apparently too low."

Steen was treated with Tegredol to prevent seizures in Germany. He was also given Dilantin, a similar medication at Annapolis, Jolly said.

Charlene Teeter, nurse manager of emergency services at Annapolis, assisted Steen and his wife to their home in Clarklake.

"He's doing fine," Teeter said. "He is just going to rest at home. In a few days he said he will decide whether or not to go to Washington D.C. for the tree lighting ceremony."

Last week U.S. military doctors explained that a kick to the head in 1987 bruised Steen's brain and caused him to lose some feeling in his right hand and foot. Steen informed doctors he suffered seizures for about a week after the beating by his captors.

Steen also stated he lost consciousness during the seizures and his arms and legs would twitch uncontrollably.

Annapolis officials, however, stated that with medication, Steen will be able to control the seizures.

Foreign trade in future?

McAnally: teamwork needed to keep city afloat in '92

By AL POST
ANP Staff Writer

Tough-talking yet cautiously optimistic Mayor Beverly McAnally said although she was "discouraged" that voters rejected bids to upgrade city roads and drainage systems in November, she will begin 1992 ready to accept the challenge of leading the city through the current "tough economic period."

McAnally, who was just re-elected to a fifth two-year term, stated bluntly "just keeping the ship afloat" will be the major challenge of the new year.

"We are working with a very frugal budget," she said, "and this will not allow us to provide any free sidewalk or road work."

Unless the city suffers unexpected economic downturns in the new year, McAnally said, she does not expect any em-

Mayor Beverly McAnally

ployees to "be chopped" (laid off). "We have been able to handle most of our labor changes through attrition to

date. If things got worse, we might have to offer buyouts--but there is no apparent need for that at the moment", she said.

Continuing to forge the needed alliance with the Romulus Community School District and Wayne County governmental leaders, should allow the city to weather the current economic downturn, McAnally said.

"It is important that all three government groups and the taxpayers understand the connection between the tax base and services rendered (and requested)", the mayor said.

Little or no money for "frills" will be seen in 1992, McAnally said. "In fact I would like to spend some of our funds on cultural activities, but the city's streamlined budget will not allow it," she said.

The veteran mayor, who has been re-elected without oppo-

sition three of her five times, was also somewhat disappointed that the voters rejected a bid to extend mayor's terms from two to four years.

But the bottom line is "I feel government's key role is to serve the people," she said last week, "and thus I feel we can hang on during this tough economic time, if we all work together for the common good."

McAnally is proud of the fact that Romulus has one of the lowest millage rates in the county, with its general operations working at a 9.54 mill level (even though the charter sets the level at 10 mills). Other rates include .50 mills for sewer needs and another, 1.30 mills for sanitation, for a total of 11.343 mills.

She remains optimistic that if the regional (and national) financial picture improves even a little and if Metro Airport begins to thrive, she hopes to begin calling meet-

ings that could lead to exploring foreign trade opportunities for the area businesses.

"We have many small and inventive manufacturers in Romulus," she said, "and I feel they could adapt well to foreign markets. With open access to Metro Airport, these manufacturers could easily extend their markets to many overseas zones."

But at the same time, the mayor warned, the community must be aware that the options with the Riverview Landfill end in 1995, and that soon "waste disposal costs could rival our school tax."

Regional recycling efforts are being hampered by the fact there are few markets for recyclables today--"thus much of recycling effort ends up in a warehouse approach."

"We just cannot continue to store recyclables indefinitely," McAnally said, "we have to quickly find secondary uses

for such items."

McAnally said the first effort is to keep certain items out of the waste cycle--such as branches and lawn clippings. This can be done with new mulching type machinery available to the homeowner.

"We must also try to get less plastic into the garbage cycle" and eliminate as many aerosol cans as possible. But to do this, McAnally said, "we will need the cooperation of manufacturers."

The "bottom line though is, we must remain flexible with changes in today's (and tomorrow's) technology," she said.

"Many of the problems facing Romulus citizens in 1992 will not be unique--they are the same as those facing many other communities and citizens."

"But to pull out of the current downturn, all of us are going to have to work for the common good," McAnally said.

Santa's helpers

Group provides unforgettable Christmas

By AL POST
ANP Staff Writer

Thirty-seven area children suffering from cancer and other types of potentially fatal diseases were whisked off to the North Pole from Metro Airport last week, compliments of a band of Santa's top helpers--known as the Silverliners.

The number of youngsters fell from 50 to 37 at the last minute, because of a snowstorm that created traffic problems for the parents of the outpatient children from a number of Michigan-area hospitals.

Many of the children are amputees or are undergoing extensive chemotherapy treatments. For some also this could be their "last Christmas."

The simulated trips to the North Pole, complete with on-board lunches and hugs and gifts from Santa and Mrs. Claus, began locally six years ago for cancer-stricken youth.

The sponsoring group--the Silverliners--is composed of

nine former Eastern Airlines flight attendants. Somilar projects are completed in about 40 other cities across the U.S., formerly served by Eastern Airlines.

The Metro Airport International Terminal by their parents and turned over the Silverliners' representatives for the afternoon adventure.

The former attendants--decked out in colorful Christmas elf costumes--officially welcome the children, provide them with their honorary tickets and usher them onto the plane (a wide-bodied American-TransAir jet).

The pilots treat the youngsters to a cockpit visit and then a simulated ride to the North Pole.

As the youngsters step off the plane, they are individually hugged and greeted by both Santa and Mrs. Claus (AKA Mr. and Mrs. Harold Lee of Lincoln Park).

They are also entertained by a large contingent of Shriner Circus Clowns and Steve Ziemann (who provided a

magic show).

The youngsters get a chance to pet dogs belonging to the Wayne County Sheriff's Department, cozy up to a number of cartoon or holiday-type characters such as Mickey and Minnie Mouse and Rudolph the Red-Nosed Reindeer.

They are given a number of gifts such as holiday sweatshirts from the Cadillac Motor Car Division, mini-cameras from Adray Appliances of Dearborn, professional-style sports caps from the Detroit Tigers and Lions, stuffed animals and toys from the employees the Dayton Hudson Fairlane store employees, soft-drinks from Southwest Airlines and small toys from McDonalds, Burger King and Little Caesars restaurants. The catered lunches are supplied by Sky Chef.

Before ending the day long adventure, each child gets a chance to sit on Santa's lap for a private talk and holiday request session. Santa is determined that this will remain the Christmas memory that no child will ever forget.

Council awards official newspaper bid

Members of the Romulus City Council awarded the bid for the 1992 publication of official notices to *The News-Herald* Monday evening.

The council by a 3-0 vote (with three abstentions) awarded the legal advertisements to *The News-Herald*, based in Southgate, the lone bidder for the contract.

David Willett, president of Associated Newspapers, asked the council for a rebid, since *The Romulus Roman* the current official newspaper for the city has "served this community for the past 100 years."

"We provide a quality editorial product and thus give something back to the community."

"We provide a quality editorial product and thus give something back to the community," Willett emphasized.

Associated Newspapers was an hour late for the bid opening because of Publisher Susan Willett's illness. Willett apologized in a letter to City Choate stating "this lapse was in no way indicative of any

lack of respect or appreciation for the privilege or the honor and prestige which serving your community provides."

Bill Dillingham, retail advertising director of the *News-Herald*, admitted the *Romulus Roman* "coverage is better than ours at this time, but if you award us the contract we will have a reporter for Romulus."

The local news circulation also was an issue Monday night, as the *Romulus Roman* circulation is 3,000 while that of the *News-Herald* is only 900.

Mayor Pro-Tem Mary Ann Banks and Councilmen Ellis Pennington and Russell Lambert voted to accept the lone bid. Councilmen Randolph Gear, Jimmie Raspberry and William Wadsworth abstained.

Banks said "finally there is a contest here. Competition keeps everyone on their toes."

Winter driving tips provided

By JOAN DYER-ZINNER
Belleville City Editor

Western Wayne County motorists received their first taste of hazardous winter driving last week when sleet, freezing rain and snow blanketed the area.

Police officers recommend that motorists winterize their cars and periodically check their gas gauges and automobile fluid levels to ensure that their cars will keep running during the cold weather.

Belleville Police Chief Willard Dockter and Van Buren Public Safety Director Mark Perkins recommended that drivers stock a "survival kit" in their automobiles.

The kit should contain an ice scraper and brush, flares and reflectors, jumper cables, a tool kit, flashlight, first aid

kit, boots and a blanket. Candy bars also should be included in the survival kit, according to Dockter and Perkins.

Some everyday household items are useful in keeping stranded motorists warm and helping to provide traction on ice and snow, the police chiefs said. For example, the weekly newspaper can provide an additional benefit as insulation after it is read.

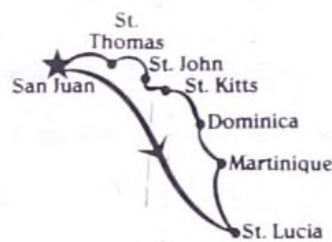

Items recommended for the survival kit are:

- Empty coffee can, candles or a lighter to make a small-scale furnace to generate heat while awaiting help.
- Several newspapers. Paper placed between the skin and clothing can provide a layer of insulation and help to keep an individual warm until help is received.
- Carpet strips to place under the drive wheels for traction, or a shovel and cat litter,

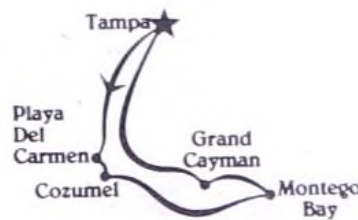

which when spread under the wheels, improves traction.

If stranded, motorists should stay with their cars rather than risk exposure walking for help.

GOOD HEALTH

Dr. Victor is medical director of the Oakwood Sleep Center based in the Oakwood Downriver Medical Center in Lincoln Park.

**SNORING CAN BE
MORE THAN
ANNOYING—IT MAY
BE A WARNING SIGN
OF MAJOR DISEASE**

By Lyle Victor, M. D.

Snoring may be more than a nighttime aggravation to a long suffering spouse. In fact, those thunderous respirations may be an important symptom of an illness called "Sleep apnea."

The resonant snoring tones result from vibrating tissue in the back of the mouth and tongue. The tissue oscillates because the snorer loses some control when the throat relaxes.

The Sleep Apnea Danger

Sleep apnea is a temporary cessation of breathing during sleep. The only disease known to occur just during sleep, sleep apnea may appear harmless because the person usually gasps and resumes breathing within a half-minute or so. However, sleep apnea may be the cause of potentially serious problems, including hypertension and cardiac arrhythmias that are known to be associated with sudden death during sleep.

Just about all people with sleep apnea are snorers, but not all snorers have sleep apnea.

Both snoring and sleep apnea are more common in men than in women, and are more often found in people with underdeveloped or receding jaws. Chances of developing either condition increase with age. Although sleep apnea is linked to obesity, approximately one-third

of sleep apnea sufferers are thin.

Are you a sleep apnea sufferer?

Sleep apnea is identified by gradual or abrupt interruption of rhythmic respirations. Usually, the spouse is the first person to recognize the condition.

If you have any of the following symptoms, you may have sleep apnea:

- You're still sleepy in the morning, even when you should feel rested. This occurs because people with sleep apnea lose rest when they awaken momentarily each time they stop breathing.
- You wake often during the night and assume that you were roused by a noise, or you need to use the bathroom.
- You have early morning headaches, possibly accompanied by a dry mouth or a sore throat.

Sleep centers offer diagnosis, relief

A doctor who specializes in sleep problems can help bring silent, peaceful nights if you suspect that you or your spouse suffer from sleep apnea or snoring. A thorough examination can lead to diagnosis and treatment for underlying causes of sleep apnea, or devices can be prescribed to reduce snoring. Either way, the whole family will rest easier.

Opinion

Live simply, so that others may simply live

There is something wonderful each of us can do this holiday season.

We have the ability to perform miracles, if only we will. We can, in fact, change lives and offer hope, the most important aspect of this holiday season.

And the best part of this wonderful ability is that it is so very easy.

As we pass the Salvation Army volunteers at the malls this year—we can each contribute the price we might pay for that one extra gift we were planning to buy for a friend or family member. As we see the Goodfellows on the street, or read about their collection efforts and good works, we can slip a check to a member we know personally.

For many of us, this year could mark the beginning of our charitable efforts. Many have, in the past, considered our tax payments and our other efforts and donations as doing enough toward the support of the less fortunate. Perhaps we have felt the small contributions we make here and there sufficient in light of the governmental and civic aid offered to the less fortunate.

We were wrong.

It is time to simplify each of our lives. We need to eliminate one or two gifts from our shopping list and contribute the money, or perhaps a gift, to a local charity.

We need to take the time to reduce our holiday menu and rather send a turkey or ham we receive as a bonus from our employer or a premium at the grocery store to a charity group for distribution to the poor.

There are groups in every municipality and area who, through the efforts of volunteers, manage to provide the only holiday food and gifts for many, many families. This year, times will be even more desperate. This year, there will be so many more people who need help not only for a holiday meal, but for any meal at all.

Our government agencies, both state and national, have been forced to curtail the aid to many, many local charities. There are those forced to live, and in some cases die, based on their ability to scavenge and to find food and shelter anywhere they can. It isn't a pleasant thought. It is, however, a reality of our day.

It isn't easy for any of us. Times are difficult and the economic climate uncertain. But the need of our fellow man, of our neighbors and our fellow human beings, is sure and real.

We can, by paring down our gift list and our holiday menu provide the only meals and gifts these less fortunate may have this year. And if, by some chance, we are able to continue any small charitable contribution throughout the year, it will be the best Christmas present we can give ourselves, or the person in whose name we offer the donation.

What better display of the true meaning and hope of this season than to offer our hand in friendship and help to those less fortunate? What more tangible evidence of our basic humanity and evolution into better human beings than to help our fellow man?

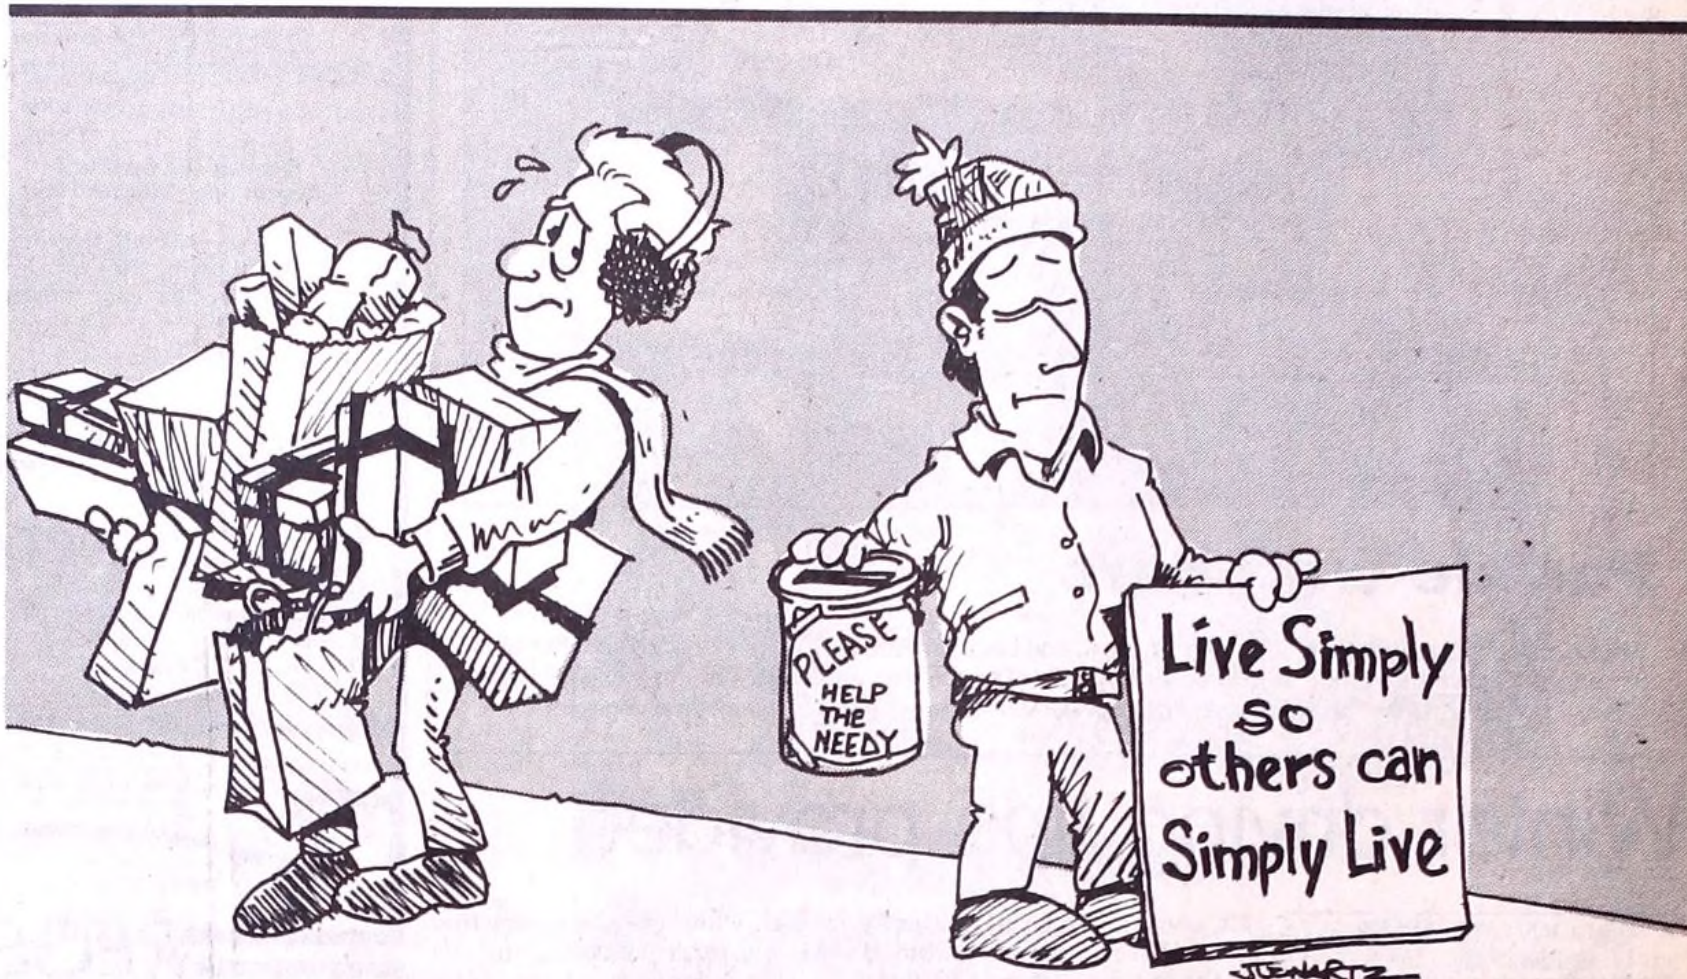

Find a charity which provides for those whom you might most like to help—children, the indigent, the homeless, street people...and offer them a gift which will mean far more than you can ever know.

What you will know, however, is the feeling you will have Christmas morning as your family and friends open their gifts. You will know, in your heart, that somewhere, someone you do not know, who had nothing, will also celebrate this day because of you.

You will know for certain that the spirit of Christmas truly lives within each of us and that you, in this small way, were part of a miracle. You will know that there is nothing in this life as glorious as the human spirit.

And you will understand the true meaning of this holiday.

What better gift could one ever offer?

Safe sex not 'magic' formula

To the editor:

The recent disclosure by Magic Johnson concerning testing positive with the HIV virus came as a shock to hundreds of thousands of Americans. Why is it that a tragedy such as this seems so much worse when it happens to someone we know and respect?

It is because such incidents make us aware of our own vulnerability, frailty and fragile existence.

We are forced to confront our own limited sojourn here on earth and realize we have no guarantee of being here tomorrow.

Another tragedy developed shortly after Magic's disclosure as he began to encourage youngsters to practice "safe sex" through condom usage to prevent AIDS.

What could have been a golden opportunity for a highlyesteemed role model to have a vital impact on AIDS prevention may well prove to be the downfall of today's younger generation, both physically and morally.

Certain facts must be brought out that have been deliberately overlooked. One of the greatest contributors to AIDS is engaging in immoral sexual activities. Society is constantly "softsoaping" the truth and avoiding getting to the heart of the problem. Therefore, finding a solution to AIDS eludes it.

While it took substantial courage for Magic to admit he had contracted the HIV virus, it will take more of the same to admit that it was his engaging in immoral sexual activity that led to his getting it, not the absence of practicing safe sex.

What a difference this one man could make by telling youngsters to abstain and refrain from immoral sexual activity and drug abuse. Advocating "safe sex" is only creating a hazardous situation for young people.

All adolescents should be aware that "safe sex" practices can be dangerous to their health. Society, as a whole, has been morally degenerate for ages and is costing our young people their lives through liberal, frivolous teachings.

Teens should know that you cannot play with fire without expecting to get burnt. Young people are being short-changed on the truth.

Adolescents need more than just a passing concern. They need to be given the whole truth, good and bad. They should know that encouraging safe sex aids AIDS. They need to abstain and refrain for genuine protection against AIDS.

There is no magic formula for AIDS prevention through safe sex. There is only the truth. Refrain and abstain

from immoral sexual activities and drug abuse. It could save your life.

New tax bill endorsed

To the editor:

Homeowners can anticipate with great joy the assessment freeze in 1992, but we would further benefit if Senate Bill 61 was adopted by the state legislature within the near future.

This bill would amend the property tax act to provide that property would be assessed at 40 percent of its true cash value in 1993 and each year thereafter. To make up for the lost revenue a local unit of government would be reimbursed by the state general fund in the same year as the loss.

Any taxpayer would have standing to bring suit to enforce the provisions of this bill.

If our state legislature would take action on this bill, we could prevent the mass exodus of senior citizens and middle-class homeowners from Michigan.

School board reconciliation urged

To the editor:

The Oct. 28 school board meeting proved to be very interesting.

Pastor Cowlings remarks hit home when he said, "There is something evil, dare I say demonic in this place. We don't need recall, we need reconciliation."

As stated by Kathleen Chorbajian, there does seem to be a "hit list". She stated a Westland businesswoman was threatened and that people have lost their jobs because of this "list."

The question, "Why does the district need a change?" (meaning the replacement of Dr. O'Neill) was never answered by Board President Sylvia Kozorosky-Wiacek. Also, her closing statements saying that it was Dr. Dennis O'Neill's decision to retire becomes almost a blatant lie since she has state publicly it was her decision and action as well as Ms. Welty's to confront Dr. O'Neill on Oct. 2 saying that his contract would not be approved.

Is this ethical and professional behavior for school board members? I think not. The circumstances behind Dr. O'Neill's dismissal show disgraceful behavior on their part. I feel all three new board

members as well as the current board president are misrepresenting the people of this school district and have become too involved and concerned in the day-to-day running of the school district.

I also not not feel that a school board meeting is the place for election campaign talks, and the suggestion that Mel Straight takes as superintendent is not only premature but ludicrous.

The board president allowed this to happen at this meeting.

I believe the Citizen's For Education Committee (definitely misnamed) continues to destroy the morale of the school district and continues their personal vendetta against certain members of the district.

I also believe that some of the media has focused too much on this group's negative behavior.

Mr. Dave Moranty also proves he has no credibility when he has stated previously that "the recall could be avoided if Dr. O'Neill was fired."

Well, Dr. O'Neill is leaving, but I see the recall goes on. To what purpose is anyone's guess because it is hard to say what this group's goal is. They will spend \$12 million of the taxpayer's money so the turmoil can continue.

I believe Mr. Moranty wants everyone to fall into his trap and say "I give up." Well, Mr. Moranty, as you see, a majority of citizens are not giving up and the three board members that may be recalled are not giving up either so in part, your group has failed to accomplish this one (misguided) goal.

Education of children should be the number-one goal of the Wayne-Westland School Board, not personal vengeance. I hope the people of this community can see that recall is not the answer.

Reconciliation and working together are the only solutions which will help turn this district around.

Does new council mean new direction?

To the editor:

Recently you carried an editorial that *The Wayne Eagle* was slandered by remarks of biased reporting in favor of the Wayne city management. If your reporting is as unbiased as purported to be, why did it take the *Detroit Free Press* to print an article, complete with criticisms of the reopening of the State Wayne Theatre?

Not a single editorial reply was printed in your paper criticizing the State Wayne including the previous one that I sent in. Instead of exclusively extolling the virtues of the city

using \$820,000 in this venture, your paper should have presented a careful analysis considering both the pros and cons of this use of taxpayers' funds.

The *Detroit Free Press* article demonstrates the lack of sensitivity and concern of Wayne residents by our city management. Patrick Norton's initial sexist statement referring to Katherine Hepburn should irritate the female voters in this city. Another statement that critics "are people who have failures in their lives and want to see others fail" only serves to reinforce the image our city officials will not admit to their own past failures (drawing and retaining retail businesses in our city).

The assistant city manager states that the finance department hasn't figured out how much it costs to operate the theater yet. Any business major knows that a business better have a handle on what operating costs should be, even before a business starts up.

The reason that the theater sat vacant for five years is that no one would purchase it with the two-year-old movie clause. A movie house showing classic movies only cannot compete with the video rental market. If we're to be profitable, then let's put it up for sale and get our city out of the movie business.

I can only hope to see more thorough reporting by your paper. I also hope that the new members of our city council represent a change and better direction by our city managers than we have previously witnessed in Wayne.

Mooradian gets praise

To the editor:

On behalf of the Van Buren Public Schools in general and the high school athletic department in particular, I would like to thank you (Staff Writer Tom Mooradian) and your initiative and unequivocal support in making the 1941 Football Team experience a reality.

Your love for and interest in athletic endeavors has long been known and chronicled. Less well known and appreciated is your interest in those who make the news, be it in the area of sports or elsewhere.

You overtly and masterfully orchestrated the reunion of the mythical state championship Belleville High School Football Team of 1941 such that all could justly appreciate your sincerity and skill. It is a pleasure to know we have persons like yourself who care and I know all of Belleville joins with me in saluting you.

All-Area Cross Country Girls Team

Anne Gray, a talented Belleville distance runner, has made the coveted all-state team an unprecedented three consecutive years. This year, the durable runner finished with a silver medal at the state championships. She was third at state in 1989 and seventh a year ago. Anne, a member of the National Honor Society, has a 3.45 grade point average.

Belleville monopolizes Coach of Year honors

It isn't easy coaching two diametrically opposite sports like swimming and cross country.

But Belleville High coach Sam Vicchy apparently has the secret formula. He has successfully made the tradition from swim to cross country coach.

Vicchy, who coached the Tiger men's swim teams to conference championships back in the 1970s, has been able to put together winning lineups for the women's cross country teams. He has earned respect and recognition for Belleville teams.

This year, Vicchy's runners posted a 5-2 dual meet record, and two members of the team—Anne Gray and Carmelita Martell—qualified for the state championships. Gray, one of the finest distance runners in the state, finished second in the finals.

There is a big difference between coaching swimmers and distance runners, says the 52-year-old Vicchy, who began his coaching career at Kent State University and has been a coach at Belleville High 22 years.

There is also a post-season reward for this dedicated coach. The Associated Newspapers' Sports Staff has picked Sam Vicchy as the 1991 Coach of the Year.

Emily Farrell, a sophomore, with an enviable 4.0 GPA, was voted the Most Valuable Runner on the Plymouth-Salem team. She has a personal best of 20:29 in cross country, which is the second best time in Salem history. Emily finished 10th at the regional, enabling her to qualify for the state championships.

Carmelita Martell, the second Belleville representative on the All-Area, also is a three-time state qualifier. She made the grade in 1989, 1990 and 1991 and was picked for All-Conference recognition the last three years. The Tigers' co-captain, Carmelita is a member of the Student Council and also a member of the media-productions and WBHS radio station.

Stacy Moore, only a freshman, has a brilliant track and cross country career ahead of her. This 3.6 grade point average student finished 14th at the state finals last month and you can bet you will be reading a lot about her in the next three years. She placed eighth in the regionals and her 20:33 performance is the fourth best on the Rocks' record board.

Tearza Johnson was the key to the Romulus High season. Like Tyus, Tearza also has earned state-wide recognition as an outstanding sprinter. She finished third in the 100-meters and fourth in the 200-meters at the state finals. She showed the same ability during the cross country season as she led the Eagles throughout the 1991 campaign.

Lana Boroditsch, a sophomore from Plymouth-Canton, was undefeated in dual meet competition this year. She also tied the Chiefs' school record at 20:11. She finished fifth in the conference and also fifth in the regional to qualify for the state finals, where she was clocked in the 11th best Class A individual meet time.

Lecretia Tyus won international acclaim as a sprinter who traveled to Europe last summer. A four-year letter winner in track and cross country at Inkster High School, Tyus helped the Vikings capture the Suburban Athletic Conference title this year. She has scores of colleges seeking her signature on a letter of intent.

How we choose

It is never an easy task to select the best in anything. Tougher when it comes to a sport like cross country. But with the assistance of the local high school coaches and fans, The Associated Newspapers' sports staff managed to do so. The statistics and the advice from the coaches is a winning formula that we here at the ANP will always use.

Cage coaching legend decides to call it quits

By TOM MOORADIAN
ANP Staff Writer

When the Inkster High School varsity basketball team took to the hardwood Tuesday night against Detroit Mumford, one familiar and well-known figure wasn't seated on the bench alongside the Vikings.

George Thompson Jr., who has guided the basketball fortunes of Inkster for more than a quarter of a century, has left the coaching scene. It was, he says, time. It was also a tough decision to make.

"I love basketball. That's no secret," Thompson said. "The game has been a part of my life as long as I can remember."

Some would say basketball has been all of Thompson's life.

During his 28 years as head coach at Inkster, Thompson compiled a phenomenal 401-165 won-lost record. He has a score of conference, district and regional titles to his credit. However, the coveted state crown has always seemed to elude this Michigan Hall of Fame candidate.

Thompson also is a former all-state cager who graduated from Belleville High back in the early 1950s.

Stepping into Thompson's coaching shoes is Spencer Grant, who has served as Thompson's assistant varsity coach for more than a dozen years. Grant realizes he has a tough act to follow, and he also says he's ready for the challenge.

The "new" coach will inherit three starters from a

George Thompson Jr.
End of a coaching era

team that went 17-5 a year ago. He also has an excellent crop of former junior varsity standouts who have earned varsity status.

Returning are sharpshooter Carlos Johnson, a 5-6 senior guard who earned All-area recognition a year ago; Thalimus Martin, a 6-2 forward, the second-best team rebounder last year; and Julian Flint, also a 6-2 forward, who was runner up in the scoring category in the last campaign.

Add to these sterling fixtures Albert White, a 6-4, 220-pound freshman. You got it - a freshman who could be the best all-around cager to hit this area for quite some time. Then, there's Jerry Jordan, a 6-0 Westland John Glenn transfer student, who is being

Over 30 hockey hits the halfway point

It's the halfway mark for the Wayne-Westland Over 30 hockey league and the title picture continues to remain blurred.

In the Bonkowski Division, it's a toss up as Wayne Heating & Cooling, Wild Bill's Fun Center, P.C. Outlet and Top of the Lamp remain in contention.

In the Berrington Division, Harlow Tire is on top of the hill, but Jake's Again and Howell Tool & Gage are challenging.

In action last Sunday, Harlow Tire skated to a 6-4 victory over Independent Carpet. Harlow jumped out to a 6-2 lead, however, found itself hanging on at the end as the losers refused to quit.

Jay Harris scored a hat trick for the carpet people, with Bob Bowen adding a goal. Jim Fisher, Mike Downey and Ken Knick carded assists. Independent's record dipped to 4-9 on

the season. Dave Fishwick notched two goals for Harlow, with Norm Beasley, Greg Barbaza, Mike Villemure and Rick Rattai each scoring once.

Jerry Robertson had four assists. Jim Creekmore, Darryl Nowacki, Mike Beals, Tim Souther and Mo Paquette chipped in with assists. Harlow Tire is 10-0-3 and continues to lead the league.

In the meantime, Wayne Heating had no problems defeating Paddy's Pub. Wayne surfaced with a 5-1 victory behind Jeff Addley's two goals. Jim Knipp and Ray McGee each had a goal and an assist, with Dave Hunt adding a solo score.

Steve Wildman and Roger Nelson each had assists.

Wayne Heating's record soared to 9-3-1 on the year. Chuck Pankow scored the lone

Glenn plans to cash in on long summer practices with cage wins

By Terry Lynch
ANP Special Writer

After spending last summer getting to know each other, the Westland John Glenn basketball team and second-year head coach Pat Bennett are looking forward to being "on the same page" this season.

"I had a chance to run some practices with the guys, and we encouraged them to play A.A.U. format this summer to hone their skills," Bennett said. "I'm hoping that it will pay off this year."

The former cage star says he

expects a closer-knit team this year, which will hopefully pay off on the court in victories.

"We have a better feel of how we want to approach the game, and the team is a little more in tune with my philosophy," Bennett added.

The Rockets have plenty of room for improvement. They are coming off of a dismal 4-16 finish a year ago, and the team was mired in the cellar, finishing 11th of 12 teams, in their conference.

Yes, there is definitely a lot of room for improvement.

And some of the veterans will have to come through if

the Rockets are to soar.

Central to Bennett's plan is a 6-6 dynamic figure, junior center Ken Taylor, who will definitely be a key to where the Rockets finish in 1992.

"Ken increased his playing time as the season progressed last year," Bennett recalls, "and he increased his stock when he played A.A.U. this summer. We're looking for good things from him this season."

Senior forward Kevin Champion, a 6-3 cager, is also an experienced player. Champion started in some of the games a year ago, and he will

give the Rockets experience at one of the guard posts.

Bennett also will have Micah Orr (5-10) and Aaron Scheffer (6-1) available for backcourt duties. Orr, says Bennett, is "an aggressive and a solid defender." He will play in the off-guard slot.

Scheffer, a junior, will direct the offense from his point-guard position.

Of his court quarterback, Bennett said "that he controls the floor, passes well, and is a strong rebounder."

Back-up center, Kevin Tomaszewski, a senior, stands 6-5 and could be used at times

with Taylor providing the Rockets with added up-front strength.

"Kevin had a lot of minutes last year and he worked very hard this year to increase his quickness and foot speed," the Glenn coach stressed.

Junior Kevin Claypool, 5-10, will provide the Rockets with bench strength at the guard position.

The coach sees Plymouth-Canton, who the Rockets will meet in their conference opener, and Farmington Harrison, as the pre-season title favorites in the Western Lakes.

He also sees Salem, a tradi-

tional cage powerhouse, as another one of those serious contenders.

"But, you can only judge these teams on paper right now," Bennett said. "Consistency is a key to a successful season and that must be seen on the court."

"I think with the talent and size we have, we've got to feel that we have a shot at being right in the thick of it," Bennett concluded.

The Rockets won't have long to wait. They meet Ypsilanti Friday night, and Bennett will learn a lot about what he has—and has not.

goal for the losers with Jerry Moses and Tom James drawing assists. Paddy's fell to 5-6-2 on the season.

Daly's Drive-In edged Wild Bill's Fun Center, 2-1, as Steve Riedy and Mike Wlasuk notched goals for the winners. Mike Dickie, Mitch Ramsey and Paul Ihlenfeldt collected assists.

Randy Temple tallied the lone goal for Wild Bill's. Gary Shienke and Carl Pawlowski had assists. Daly's record improved to 4-7-2 with the victory while the loss left Wild Bill's with an 8-4-1 record.

And, for the second week in a row, Larry Pennington powered Sportswear Design to victory. Pennington's three goals and two assists led the 5-7-1 Sportswear team to an 8-3 victory over P.C. Outlet. Dave Quenneville notched two goals, with Paul Roe, Craig Albosta and Gary Bastian all scoring once.

Dan Robert had three assists. Mark Walla, Ben Halpin, Bob Shureb and Roe also had assists.

Tom Mazorowicz, Steve Goldener and Dan Dusz-kiewicz scored for P.C. Outlet. Mike Taylor, Walt Fischhoff, John Clearwood, Goldener and Marorowicz also registered assists for P.C. Outlet.

Jake's Again turned back Alternative Funeral Services, 6-3. The former Rogalas team leaped out to an early lead, but could not sustain their attack.

Dave Milam, Doug Morrison and Glenn Stevenson each scored a goal and had an assist for the Alternative team. Nick Palise and Dennis LaPensee also had assists. Jake Davidson and Al Farina notched two goals for Jake's.

Tom DiLaura and Phil Cerne added single scores, while Bob Jones earned three assists. Dave Hedger, Paul Briski, John Colligan and De-

nnis Wysocki also had assists. The victory leaves Jake's at 9-4. Alternative Funeral Services falls to 2-10-1 on the year.

The skaters are back on the ice Sunday at the Wayne and Westland arenas. At 6 p.m. Sportswear clashes with D.J.'s; Independent takes on Howell at 7:15 p.m., while Harlow and

Alternative clashes at 8:30 p.m. in the Wayne rink.

Over in Westland, at 5 p.m. T.O.L. takes the ice against P.C. Outlet, while Wayne Heating and Wild Bill's meet at 6:15. Jake's meets Millar's at 7:30 p.m. and bringing down the curtains will be Daly's and Paddy's at 8:45 p.m.

groomed as a point-guard.

The Viking lineup also will include Geoffrey Thompson, a 5-9 junior; DeWitt Davidson, who, at 6-3, can jump with the best of them; and Anthony Walker, also 6-3, and an excellent rebounder.

The trio helped the Vikings capture the Suburban Athletic Conference junior varsity title last year.

There are two other notables that Grant will be relying upon: Richard Cooper (5-10) and Londre Gilkey (6-2).

Can the Vikings dethrone defending SAC champ, Highland Park?

Here's what the former coach Thompson says: "Highland Park and Oak Park are the pre-season favorites. But we should be right in the thick of it."

Grant and the Vikings will get to know a little more about themselves Friday night when they take the long road to Flint Beecher. Beecher has always been a Class B state title contender.

Drains Run Slow?

You'll never have a slow running, or clogged drain again! The secret? Clean drains don't run slow.

The "slows", or periodic clogs, are SIGNALS that a thick layer of GOOK is choking your pipes. Grease, hair, and other waste stick to your pipes, with every use. This gook deposits along the entire length of the pipe. It chokes your pipes gradually, as it gets thicker and thicker.

Conventional drain openers can't fix slow drains. They react chemically on the surface of the gook. To be effective, they must remain in contact with the waste. Even a small tunnel through the gook lets them flow out to the sewer, leaving the gook behind.

In the past, the only way to remove this build-up was to root-

er your pipes. An expensive, temporary measure.

Now, with just a few minutes each month, you can easily clean out your pipes... and KEEP them clean with **Plumb Clean®**. It clings, and penetrates deep into the gook. No other product has the **Plumb Clean®** formula. That is what allows it to liquefy even years of build-up. **Plumb Clean®** will clean the entire length of your pipes. It will make your drains run like new, when used as directed. This penetrating action is so revolutionary, we stand behind **Plumb Clean®** with a money-back guarantee! Don't be confused. **Plumb Clean®** is the brand with the money-back guarantee right on the label.

Saves Money. A 1 lb. jar of **Plumb Clean®** holds up to 41 drain treatments. Even if drain openers could fix slow drains, it would take over 10 quart bottles to get the same number of treatments. **Plumb Clean®** costs about 35¢ per treatment. We don't know of anything that cleans drains for less.

Independent laboratory studies show **Plumb Clean®** more effectively breaks down organic waste than all other products tested. So, if your drains have the "slows", act now. Get safe, guaranteed **Plumb Clean®** today!

Restaurant returns to home-cooked goodness

By JOAN DYER-ZINNER
Belleville City Editor

While the Brass Bell is going through its metamorphosis, changing from the Ranch House back to its original name, subtle changes are being observed by diners.

New special are being introduced to the menu and old favorites are making a comeback. One of the most popular past features, the Friday crab leg buffet, has been reinstituted by manager Pam Brigandi, and its return has prompted words of praise from patrons.

Brigandi managed the original Brass Bell several years ago. She left to operate Belle's Chicken (which she plans to continue to do), and a series of managers were hired to oversee the restaurant which was renamed the Ranch House.

Recently, she returned to the restaurant and made the name change to indicate that

the restaurant would be featuring "the food and service that made the original restaurant popular."

On a recent visit to the restaurant, I ordered a roast beef and my companion opted for a New York strip steak. Both of the dinners were tasty and cooked-to-order. The dinners included Southern-style green beans seasoned with bacon, and baked potatoes. While my companion chose a flavorful vegetable soup, I ordered a salad - fresh with an abundance of vegetables. Warm rolls also were served with our meal.

We did not order desserts, but fellow diners raved about their pies and we plan to check them out on our next visit.

Brigandi's dinner menu includes T-bone and New York strip steaks, veal cutlets, liver and onions, pork chops, golden fried chicken, shrimp and fish and chips plus nightly specials. For example, spare ribs

were the special of the day. Mini-dinners, served between 2 and 4 p.m. and children's menus also are available.

Prices on the dinner menu range from a reasonable \$5.95 to \$8.95, with the T-bone steak listed at \$10.95.

A full line of sandwiches are served for lunches and snacks. Lunch patrons can choose from club, Reuben, corned beef, roast beef, turkey, grilled cheese sandwiches and many more.

The Brass Bell is noted for its breakfasts, and has continued to attract a loyal following of patrons during the morning hours, Brigandi said.

Breakfast specials are served until 11 a.m. on weekdays and until 1 p.m. on weekends. Such favorites as omelettes, biscuits and gravy, steak and eggs, waffles and French toast are featured at modest prices. The \$4.25 breakfast special features

three eggs, potatoes, ham, bacon and sausage - enough to fuel the biggest appetite through the early hours of the day.

We appreciated the good service and the friendly attention from the hostess and waitress during our visit and look forward to sampling the crab leg buffet on our next visit.

The Brass Bell is located in the Belle Plaza, 871 Sumpter Road, Belleville.

Hotel packages New Year's celebration

By KEVIN LITWIN
ANP Staff Writer

The Days Hotel at Metro Airport and the Holiday Inn at Metro Airport are offering overnight packages for New Year's Eve that are sure to please those wishing to celebrate the dawning of 1992.

The theme for the Days Hotel party is "Celebrate the New Year in Style. Your Party - Our Place, One Price."

The package for Days Hotel, located at Metro Airport, 8800 Wickham Road in Romulus, is \$149 per couple plus tax, plus \$29 for the second night if requested.

The package includes a deluxe guestroom for two, a buffet dinner for two, four drink coupons, and a D.J. and dancing.

There will be a champagne toast at midnight, along with party favors and a balloon drop.

Continental breakfast will be served the next morning, and check-out time is 3 p.m. New Year's Day. Guests can use all hotel facilities, including the indoor pool and whirlpool.

The buffet this year includes selected cheeses, bakery-fresh breads and crackers, seasonal fruit and market-fresh salad ingredients with a variety of dressings.

Also included is crudite with dip and steamship round of beef, carved to the guest's preference. Other entrees on the buffet are herb roasted chicken and baked fish a la meuniere.

Side dishes include whipped potatoes, rice pilaf, fresh green beans almandine

and orange glazed carrots. There will be a dessert tray with assorted selections. The dinner service buffet

style at Days Hotel begins at 8 p.m. Call 1-800-325-2525 or (313) 729-9000 for information or reservations.

Soupy dishes up comedy

By JOAN DYER-ZINNER
Belleville City Editor

Everyone who remembers sitting down in front of the television screen with a bowl of soup and a glass to milk to have *Lunch With Soupy Sales* will have an opportunity to see the classic comedy of Soupy this weekend.

Soupy Sales will perform Dec. 12, 13 and 14 at the Ramada Heritage Center, Southgate, and on Jan. 16 to 18 at the Mainstreet Comedy Showcase in Ann Arbor.

Fans from yesterday can relive the days of White Fang and Black Tooth, 1,001 pie-in-the-face segments and such timeless lines as "be true to your teeth and they'll never be false to you" when Soupy takes to the Southgate stage. Those who aren't blessed with the memories of the hippest kids' show on television, may miss some of the inside jokes that the kids of the '50s remember, but they, nonetheless, will be treated to one of the most popular stand-up comedians in the country.

Soupy's rapid-fire humor, anecdotes and double-entendre quips (many that were originally fired just over the heads of the young viewers) have delighted audiences since Soupy began his career in the '50s.

Soupy Sales

Soupy's name is derived from this family name, Supman, and not from Heinz or Campbell as has been speculated.

In 1953, Soupy came to Michigan to begin a seven-year stint as the top-rated personality in Detroit television. Each week Soupy headlined 11 hours of television air time every week, including his daily lunch show for kids and a nightly program.

He has played the nightclub circuit as well as continuing his television appearances and preparing for a new comedy show for syndication.

Soupy will appear in Southgate at 8 p.m. on Dec. 12 and at 8 and 10:30 p.m. Dec. 13 and 14. Reservations can be made by calling 284-7111. Information about Soupy's Ann Arbor engagement can be obtained by calling 996-9080.

Woman seeks advice about children

Dear Elizabeth:
My birthday is Jan. 1, 1959. I am interested in knowing what you see for my future marriage for me as well as children. I currently have one son. Also, do you see any improvement in my finances or a possible job change? The last 10 years have been the pits. Quite a "growing experience". I am hoping that life ahead is a bit more calm and stable and possibly full of some personal and emotional happiness. I am anxiously awaiting your reply. Thanks for your kindness in answering me. Happy holidays.

Sincerely,
J.P.

P.S: I do have a boyfriend whose date of birth is Dec. 21, 1960. Is he the one?

Dear J.P.:
You are such a loving individual. Your chart shows that you are also very loyal to your friends, family and boss. You have certainly had a year of turmoil. Most of it was out of your control. 1992 will promise a new love by the end of the spring. Someone older than you, not younger. Your so called "boyfriend" at present would keep you not knowing where you stand. You are an intelligent young lady. This year you will have changes around work by the end of March. Better finances are coming at that time. Have a great year.

Love,
Elizabeth

Dear Elizabeth:
My birthday is Jan. 7, 1925. I have a male friend born March 21, 1924. Do you see a future for my friend and I? There is also a friend I look after born April 26, 1910. Do you see any changes for him healthwise?

Thank you,
Elsie

Dear Elsie,
Your chart shows that you and your male friend would be very compatible. But you could physically run circles around him. He has always been a hard-working man but I see his knees giving him a bit of trouble every once in awhile. What a compassionate man. Good choice Elsie. I like what I'm seeing in the relationship over the next 10 months. It could be permanent. As for your friend that you care for, there is no doubt in my mind that 1991 has been a rough year health wise. Saturn has been squaring his sun sign all year.

Fortunately, that aspect will be away from his chart at the end of December. His health will start to improve after that. It looks like he would have cir-

culatation problems with his arms and hands, and that his feet would give him problems that could give him leg cramps. Have a happy holiday season, Elsie.

Love,
Elizabeth

Dear Elizabeth,
I have enjoyed your column since moving to this area and you sound so friendly and understanding that I decided to write.

I guess my big concern is my children who are having a hard time job-wise and consequently financially. One son has a birthday of Sept. 16, 1959 and the second son has a birthday of June 9, 1961. My daughter's birthdate is Dec. 29, 1964. For myself, I would like to know if my finances will continue to be steady and will I meet someone in the near future? I lost a husband, remarried and that did not work out and now I am feeling lonely. My birthdate is Feb. 23, 1930. Thank you for your consideration.

Jeanine

Dear Jeanine,
Your oldest son's finances will improve by April. There will be a job change or promotion for him around his birthday next year. It'll be an enormous change for the better. Your youngest son will start to do better after January 1992. This has been a restricting year for him but it seems to

have been due to circumstances beyond his control.

Your daughter has an excellent chart next year. What an intelligent woman. And a hard-working one at that. She will be meeting a lot of new friends this year.

As for your chart my dear, I can see where your daughter gets her intelligence. Your love life will improve after January. You may want to join an organization in your community to meet new people and help others at the same time. You are a great humanitarian. It has been a rough year for many of us born in the earlier degrees of Pisces (my birthday is Feb. 20). Next year will be better. Your finances look steady.

Love,
Elizabeth
